CORPORATE SPOTLIGHT

Picerne Military Housing is dedicated to a single mission: Families First™. That mission is at the core of everything we do—from planning neighborhoods to designing, building, and owning residential communities that meet the needs of modern American families, to ensuring long-term maintenance and providing superior service to families during our 50-year partnerships with the Army. Picerne's current partnerships, under the Residential Communities Initiative (RCI), will include responsibility for more than 17,000 military family homes on Forts Meade, Bragg, Polk, Rucker, and Riley.

In addition to repairing, upgrading, or replacing thousands of existing homes, we are designing and building thousands of new homes for military families. Picerne is managing these homes to maintain their quality and appearance for decades to come.

Picerne Military Housing is part of Picerne Real Estate Group, a national real estate development, construction, and property management company that has created quality housing throughout the United States since 1925.
